

**FOR IMMEDIATE RELEASE**

**AmeriLife® Expands Third-Party Administration Capabilities  
with Secure Administrative Solutions Acquisition**

*AmeriLife Acquires SAS from A-CAP, While Growing Strategic Partnership*

**Clearwater, Fla.** – October 6, 2020 – AmeriLife Group, LLC (“AmeriLife”), the national leader in marketing and distributing life, health and retirement solutions, has acquired Secure Administrative Solutions (SAS) from A-CAP. SAS is a multi-product, third-party administrator, and this acquisition plays a key role in AmeriLife’s strategic initiative to expand its third-party administrator capabilities.

“This acquisition was in the spirit of partnership,” said Scott R. Perry, Chairman and CEO of AmeriLife. “We’ve maintained a strong strategic relationship with A-CAP over the years and are excited to start this next chapter with SAS as a part of our third-party administrator family of companies. With the addition of SAS, we’re not only enhancing our capabilities, we’re also elevating our ability to deliver world-class technology across our TPA platform and expanding our ability to provide turnkey solutions for carriers, agents and consumers alike.”

Approaching its 50<sup>th</sup> anniversary in 2021, AmeriLife has a history of excellence in partnering with insurance carriers to develop and bring proprietary products to the marketplace through its expanding distribution operations. AmeriLife’s third-party administrative capabilities include everything from agent contracting, policyholder support and billing / collections to new business processing, underwriting, claims processing, commission payments and call center support.

This strategic acquisition further expands AmeriLife’s ability to offer turnkey solutions across all product lines, to carriers of all sizes, and with world-class technology solutions. Technology capabilities across the platform include e-app, e-contracting, point-of-sale underwriting, and voice signature capabilities, as well as robust work-management systems, and agent, policyholder and provider portals.

SAS provides administrative support for proprietary Medicare Supplement, fixed annuity and life programs and joins two other third-party administrators under the AmeriLife umbrella: American Insurance Administrators (AIA), which specializes in the administration of Medicare Supplement insurance products, and American Benefits Administrators (ABA), which specializes in the administration of voluntary benefit products sold through the company’s worksite distribution channel.

With this acquisition, AmeriLife plans to leverage existing operations to maximize scale, expanding on the strengths of the separate organizations. AIA and SAS will maintain their individual branding, but merge under the leadership of SAS president, Janelle Boudrero.

-more-

With 16 years of leadership in the insurance and business operations fields, Boudrero has successfully overseen operations for health, life, and annuity lines of business. Throughout her career, she's led the creation and implementation of several key systems to automate operational processes and help improve client and agent experiences. She also brings experience in supporting the development and successful launch of new annuity products. Boudrero will manage operations of the newly combined organization, with locations in Salt Lake City, Clearwater, Fla. and South Carolina.
